

THE KEG ROYALTIES INCOME FUND

THIRD QUARTER REPORT

For the three and nine months ended September 30, 2007

TO OUR UNITHOLDERS

On behalf of the Board of Trustees, I am pleased to present the results of The Keg Royalties Income Fund (the "Fund") for the three and nine months ended September 30, 2007.

RESULTS

The Trustees are delighted to report that The Keg has reached another sales record for the third quarter. The gross sales reported by the 95 Keg restaurants in the Royalty Pool were \$102,994,000, an increase of \$11,430,000 or 12.5% from the comparable quarter of the prior year. Total system sales for The Keg were even more impressive at \$107,426,000 for the quarter, an increase of \$9,454,000 or 9.7% over the comparable quarter of the prior year. These higher system sales reflect the very successful new Keg restaurants which opened during the period from October 3, 2005 through October 2, 2006 which were added to the Royalty Pool on January 1, 2007, as well as very strong same store sales growth of 7.2% for the quarter.

The Fund generated earnings before income taxes of \$2,946,000 or 30.4 cents/Fund unit compared with \$2,606,000 or 28.8 cents/Fund unit during the same quarter of the prior year, an increase of \$340,000. Distributable cash available to pay distributions to public Unitholders increased by \$448,000 to \$3,183,000 or 32.8 cents/Fund unit, from \$2,735,000 or 30.2 cents/Fund unit for the third quarter of the prior year.

DISTRIBUTION INCREASE

On November 15, 2007, the Trustees were pleased to authorize another distribution increase to Unitholders, the sixth distribution increase since the inception of the Fund. The monthly distributions were increased by 2.6% from \$0.1009 per unit to \$0.1035 per unit, beginning with the December 2007 distribution. This equals an annualized distribution slightly in excess of \$1.24 per unit. The Fund's objective is to provide consistent, monthly distributions to Unitholders at the highest sustainable level, and the Fund will continue to review distribution levels on an ongoing basis to fulfill that objective.

DISTRIBUTABLE CASH

The Canadian Institute of Chartered Accountants and the Canadian Securities Administrators have recently released a guideline on the measurement and reporting of distributable cash for income trusts and other flow through entities in Management's Discussion and Analysis. This guidance attempts to provide comparable measures of distributable cash among income trusts. As a result of this guidance, distributable cash is now defined as the periodic cash flows from operating activities as reported in the GAAP financial statements including the change in non-cash working capital balances, less adjustments for capital expenditures and restrictions on distributions arising from compliance with financial covenants. Previously, distributable cash was computed as earnings for the period plus non-cash items such as amortization and future income taxes and hence a non-GAAP measure, which was not necessarily comparable to similar measures presented by other issuers. Given the Fund has no capital expenditures and no expected restriction on distributions arising from compliance with financial covenants, the only material difference that may arise in any particular reporting period between the two definitions is due to the inclusion of changes in non-cash working capital balances.

The Trustees are of the opinion that the inclusion of changes in non-cash working capital balances in the determination of distributable cash will provide less meaningful information for unitholders as the Fund's working capital requirements are not permanent in nature and primarily due to the timing of payments between related parties. Readers are advised that this is a reporting change only and that earnings and actual cash available for distribution to the Fund's unitholders are not impacted nor does this impact the contractual obligations between the Fund, the Partnership, and KRL.

FEDERAL GOVERNMENT TAX ON INCOME FUNDS

On June 12, 2007, the Canadian federal government's legislation to tax publicly traded income trusts passed third reading in the House of Commons and thus the associated income tax became substantively enacted for accounting purposes. The legislation imposes a tax of 31.5% on distributions from Canadian public income trusts. The new tax is not expected to apply to the Fund until January 1, 2011 as a transition period applies to publicly traded trusts that existed prior to November 1, 2006. Historically, the Fund had been exempt from recognizing future income tax assets and liabilities associated with temporary differences arising in the Fund and its equity accounted investment, The Keg Rights Limited Partnership. As a result of the substantive enactment of the new tax legislation, the Fund was required to give accounting recognition to these new rules and recognized a future income tax expense, and a corresponding liability, of \$1,850,000 during the current year. Future income tax expense is a non-cash item that does not affect cash flow.

OUTLOOK

The Canadian Restaurant and Foodservice Association (CRFA) has projected growth in the full-service restaurant category, the category in which the Keg operates, of 4.5% in 2007. Management of KRL believes that The Keg will continue to outperform the full-service category with respect to same store sales growth.

The Keg remains an industry leader in the full-service restaurant category, showing continued growth in both overall sales and same store sales. Management remains committed to maintaining and improving the legendary high standards that have come to define the brand, including The Keg's high quality menu, knowledgeable service and marketing innovation. The Keg's management team is focused not only on developing new Kegs in new markets where opportunities exist, but also on growing sales in existing Kegs year after year, further strengthening the company's position as a market leader throughout North America.

Sincerely,

C.C. Woodward
Chairman, The Keg Royalties Income Fund

MANAGEMENT DISCUSSION AND ANALYSIS

**For the Three and Nine Months Ended September 30, 2007
As of November 14, 2007**

OVERVIEW

On May 31, 2002, The Keg Royalties Income Fund (the “Fund”), through its subsidiary The Keg Rights Limited Partnership (the “Partnership”), purchased The Keg trademarks and related property (collectively, the “Keg Rights”) from Keg Restaurants Ltd. (“KRL”). The Partnership, in turn, granted KRL an exclusive licence to use the Keg Rights for a term of 99 years pursuant to a licence and royalty agreement, which obligates KRL to make monthly royalty payments to the Partnership.

During 2005, the Partnership was determined to be a variable interest entity in accordance with the criteria established in the new Canadian Institute of Chartered Accountants’ Guideline, Consolidation of Variable Interest Entities (“AcG-15”). As a result of this guideline, the Fund accounts for its investment in the Partnership on an equity basis and KRL consolidates the Partnership. Readers are advised that this is an accounting basis of presentation only and that earnings and distributable cash attributable to Fund unitholders are not impacted nor does this impact the contractual obligations between the Fund, and the Partnership, and KRL. The consolidated financial statements of the Fund therefore include the accounts of the Fund, its wholly-owned subsidiary The Keg Holdings Trust (“KHT”) and its 90% owned subsidiary The Keg GP Ltd. (“KGP”) (collectively, the “Companies”). KGP is the managing general partner of the Partnership. All residual ownership of the Companies is either directly or indirectly controlled by KRL.

The Fund earns equity income from its investment in the Partnership and interest income on a \$57.0 million loan to KRL (the “Keg Loan”). The Fund’s equity income from the Partnership is calculated as the royalty income less the Partnership’s operating expenses less earnings attributable to KRL. The Fund’s interest income on the Keg Loan is calculated at 7.5% per annum, payable monthly.

The Fund, indirectly through the Partnership, earns royalty income equal to 4% of gross sales of Keg restaurants included in a specific royalty pool (the “Royalty Pool”).

The Fund, indirectly through the Partnership, incurs administrative expenses and interest expense on the operating line of credit, to the extent utilized (the “Partnership Expenses”). See “Liquidity and Capital Resources – Operating Line of Credit”.

KRL’s interest in the earnings of the Partnership is from its ownership of Class A, entitled Class B and Class C Partnership units. The Class A and entitled Class B Partnership units are exchangeable into Fund units on a one-for-one basis in certain circumstances. On July 4, 2005, KRL exchanged 250,000 Class B units of the Partnership for an equal amount of Fund units, increasing the number of issued and outstanding Fund units to 8,403,500 and on July 6, 2005, sold these 250,000 Fund units through the facilities of the Toronto Stock Exchange. On March 9, 2006, KRL exchanged 650,000 Class B units of the Partnership for an equal amount of Fund units, increasing the number of issued and outstanding Fund units to 9,053,500 and on March 14, 2006, sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange. On February 22, 2007, KRL exchanged 650,000 Class B units of the Partnership for an equal amount of Fund units, increasing the number of issued and outstanding Fund units to 9,703,500 and on February 23, 2007, sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange. As of September 30, 2007, KRL owned 2,436,784 of the entitled exchangeable units of the Partnership or the equivalent of 20.07% of the Fund units on a fully diluted basis.

OVERVIEW (CONTINUED)

The Fund's operating expenses are limited to interest on the term loan and amortization of deferred financing charges. See "Liquidity and Capital Resources – Term Loan".

On June 12, 2007, the Canadian federal government's legislation to tax publicly traded income trusts passed third reading in the House of Commons and thus the associated income tax became substantively enacted for accounting purposes. The legislation imposes a tax of 31.5% on distributions from Canadian public income trusts. The new tax is not expected to apply to the Fund until January 1, 2011 as a transition period applies to publicly traded trusts that existed prior to November 1, 2006. Historically, the Fund had been exempt from recognizing future income tax assets and liabilities associated with temporary differences arising in the Fund and its equity accounted investment, The Keg Rights Limited Partnership. As a result of the substantive enactment of the new tax legislation, the Fund has recognized future income tax assets and liabilities that are expected to reverse subsequent to January 1, 2011. Future income tax expense is a non-cash item that does not affect cash flow.

THE ROYALTY POOL

Annually, on January 1st, the Royalty Pool is adjusted to include the gross sales from new Keg restaurants that have opened on or before October 2nd of the prior year, less gross sales from any Keg restaurants that have permanently closed during the preceding calendar year. In return for adding these net sales to the Royalty Pool, KRL receives the right to indirectly acquire additional Fund units (the "Additional Entitlement"). The Additional Entitlement is determined based on 92.5% of the estimated royalty revenue added to the Royalty Pool, divided by the yield of the Fund units. KRL receives 80% of the estimated Additional Entitlement initially, with the balance received on December 31st of each year when the actual full year performance of the new restaurants is known with certainty.

Readers should note that the number of restaurants added to the Royalty Pool each year may differ from the number of restaurant openings and closings reported by KRL on an annual basis, as the periods for which they are reported differ slightly.

The total number of Keg restaurants included in the Royalty Pool has increased from the 80 Keg restaurants in existence on March 31, 2002, to 91 as of December 31, 2006. Twenty-one new Keg restaurants that opened during the period from April 1, 2002, through October 2, 2005, with annual gross sales of \$97.5 million have been added to the Royalty Pool. Ten permanently closed Keg restaurants with annual sales of \$24.8 million have been removed from the Royalty Pool. This has resulted in a net increase in Royalty Pool sales of \$72.7 million annually and KRL receiving a cumulative Additional Entitlement equivalent to 2,489,280 Fund units as of December 31, 2006.

On January 1, 2007, six new Keg restaurants that opened during the period from October 3, 2005 through October 2, 2006 were added to the Royalty Pool. The gross sales of these six new restaurants have been estimated at \$28.0 million annually. Two permanently closed Keg restaurants with annual sales of \$5.7 million were removed from the Royalty Pool, resulting in an estimated net increase in Royalty Pool sales of \$22.3 million annually. The total number of restaurants in the Royalty Pool increased to 95. The yield of the Fund units was determined to be 8.52% calculated using a weighted average unit price of \$13.10.

THE ROYALTY POOL (CONTINUED)

As a result of the contribution of the additional net sales to the Royalty Pool, and assuming 100% of the estimated Additional Entitlement is received, KRL's Additional Entitlement will be equivalent to 739,449 Fund units, being 6.02% of the Fund units on a fully diluted basis. On January 1, 2007, KRL received 80% of this entitlement representing the equivalent of 591,559 Fund units, being 4.87% of the Fund units on a fully diluted basis. KRL will also receive a proportionate increase in monthly distributions from the Partnership. Including the initial portion of the Additional Entitlement described above, KRL will have the right to exchange its units in the capital of the Partnership for 2,436,784 Fund units (after giving effect to the sale of 650,000 Fund units on February 23, 2007), representing 20.07% of the Fund units on a fully diluted basis. The balance of the Additional Entitlement will be adjusted to be effective January 1, 2007 once the actual performance of the new restaurants has been confirmed. If KRL were to receive 100% of the estimated Additional Entitlement for 2007, it would have the right to exchange its Partnership units for 2,584,674 Fund units (after giving effect to the sale of 650,000 Fund units on February 23, 2007), representing 21.03% of the Fund units on a fully diluted basis.

DISTRIBUTIONS TO UNITHOLDERS

The Fund's objective is to provide consistent monthly distributions to unitholders at the highest sustainable level, and the Trustees of the Fund continue to review distribution levels on an ongoing basis to fulfill that objective. Since the inception of the Fund, monthly distributions to unitholders have been increased six times from the original level of \$0.09 per unit at the Initial Public Offering to the current level of \$0.1035 per unit, an increase of 15%.

Year-to-date distributions were as follows:

Period	Payment Date	Per/Unit
January 1-31, 2007	February 28, 2007	9.56¢
February 1-28, 2007	March 30, 2007	9.80¢
March 1-31, 2007	April 30, 2007	9.80¢

August 1-31, 2007	September 28, 2007	10.09¢
September 1-30, 2007	October 31, 2007*	10.09¢

**Declared and paid subsequent to the period*

Distributions paid during the year were funded entirely by cash flow from operations and no debt was incurred at any point during the year to fund distributions.

Since inception, the Fund has generated \$51,051,000 of distributable cash and has paid cumulative distributions of \$50,327,000 which resulted in a cumulative surplus of \$724,000. The cumulative payout ratio (the ratio of cumulative cash distributions paid since inception to the cumulative standardized distributable cash generated since inception) is 98.6%.

The public's average effective ownership of the Fund (based on the weighted average number of Fund units held by public unitholders during the respective period) was 79.93% during the three months ended September 30, 2007 (three months ended September 30, 2006 – 79.73%) and 78.91% during the nine months ended September 30, 2007 (nine months ended September 30, 2006 – 78.32%). The weighted average number of Fund units outstanding for the three months ended September 30, 2007 were 9,703,500 (three months ended September 30, 2006 - 9,053,500) and for the nine months ended September 30, 2007 were 9,579,690 (nine months ended September 30, 2006 – 8,893,976). On March 9, 2006, KRL exchanged 650,000 Class B units of the Partnership for an equal amount of Fund units, increasing the number of issued and outstanding Fund units to 9,053,500 and on March 14, 2006, sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange. On February 22, 2007, KRL exchanged 650,000 Class B units of the Partnership for an equal amount of Fund units, increasing the number of issued and outstanding Fund units to 9,703,500 and on February 23, 2007, sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange.

⁽³⁾ Exchangeable into Fund units on a one-for-one basis. Class D Partnership units are also exchangeable into Fund units on a one-for-one basis, but may only be issued after all Class B units have become fully entitled. As at September 30, 2007, no Class D Partnership units have been issued.

⁽⁴⁾ Represents KRL's initial 10% effective ownership of the Fund, prior to the entitlement to Class B units.

⁽⁵⁾ KRL is the registered holder of 1,826,700 Class B units as of the date hereof, although only a portion of such are entitled to proportionate distributions from the Partnership, which as at September 30, 2007 comprised 1,530,840 Class B units and as at September 30, 2006 comprised 1,395,982 Class B units. This cumulative entitlement is as a result of adding net sales to the Royalty Pool on an annual basis. Also included in these figures is 80% of the Additional Entitlement estimated at the beginning of each year, pursuant to which KRL receives a proportionate increase in monthly distributions from the Partnership. The remaining 20% of KRL's Additional Entitlement to Class B units is adjusted retroactively to January 1st of each year once the actual sales performance of the new restaurants has been confirmed. KRL is not entitled to proportionate monthly distributions from the Partnership on the remaining 20% of KRL's Additional Entitlement until such time as the Additional Entitlement is adjusted retroactively at the end of each year.

⁽⁶⁾ Represents KRL's total effective ownership of the Fund as of September 30, 2007 and 2006. KRL's average effective ownership of the Fund (based on the weighted average number of Fund and exchangeable units held by KRL during the respective period) was 20.07% during the three months ended September 30, 2007 (three months ended September 30, 2006 – 20.27%) and 21.09% during the nine months ended September 30, 2007 (nine months ended September 30, 2006 – 21.68%).

SYSTEM SALES

While the Fund's income is indirectly based on a royalty of 4% of sales of Keg restaurants in the Royalty Pool, the total system sales of The Keg chain are of interest to the Fund and its unitholders as the total system sales best reflect the chain's overall performance. The following table sets out The Keg's total system sales for the periods indicated below:

(\$000's)	13 weeks ended		39 weeks ended	
	Sept. 30, 2007	Oct. 1, 2006	Sept. 30, 2007	Oct. 1, 2006
Corporate Keg restaurants	\$ 51,851	\$ 46,917	\$ 158,888	\$ 141,634
Franchised Keg restaurants ⁽¹⁾	<u>55,575</u>	<u>51,055</u>	<u>160,436</u>	<u>145,129</u>
Total system sales	<u>\$ 107,426</u>	<u>\$ 97,972</u>	<u>\$ 319,324</u>	<u>\$ 286,763</u>

Notes:

⁽¹⁾ The amount of system sales for the franchised Keg restaurants is the amount of gross sales reported to KRL by franchised Keg restaurants without independent audit and includes the gross sales of a joint venture restaurant located in Coquitlam, British Columbia.

THIRD QUARTER

System sales for the 13 weeks ended September 30, 2007 were \$107.4 million compared to \$98.0 million for the 13 weeks ended October 1, 2006, an increase of \$9.4 million or 9.7%. During the 13 weeks ended September 30, 2007 one corporate restaurant was relocated and no restaurants were closed. During the 13 weeks ended October 1, 2006, one new corporate and two new franchised restaurants were opened and no restaurants were closed. As of September 30, 2007, there were a total of 96 Keg restaurants as compared with 95 restaurants at October 1, 2006.

The Keg's same store sales (sales of restaurants that operated during the entire 13-week period of both the current year and the prior year) increased by 9.5% in Canada and by 1.9% in the United States. After translating the sales of the U.S. restaurants into their Canadian dollar equivalent, consolidated same store sales for the comparable 13-week period increased by 7.2%. The average exchange rate moved from 1.12 in KRL's fourth quarter of fiscal 2006 to 1.04 in KRL's fourth quarter of fiscal 2007, significantly reducing the Canadian dollar equivalent of the U.S. restaurant sales.

YEAR TO DATE

System sales for the 39 weeks ended September 30, 2007 were \$319.3 million compared to \$286.8 million for the 39 weeks ended October 1, 2006, an increase of \$32.5 million or 11.4%. During the 39 weeks ended September 30, 2007, one new corporate restaurant was opened, and two corporate and one franchised restaurant were relocated. During the 39 weeks ended October 1, 2006, one new corporate and four new franchised restaurants were opened, and one corporate and one franchised restaurant were closed. The closed corporate restaurant, located in Portland, Oregon, closed due to a lease expiry which had been planned as part of an ongoing property rationalization process. The closed franchised restaurant, located in Oakville, Ontario, is to be relocated to a far superior site within the year.

The Keg's same store sales (sales of restaurants that operated during the entire 39-week period of both the current year and the prior year) increased by 9.1% in Canada and by 3.7% in the United States. After translating the sales of the U.S. restaurants into their Canadian dollar equivalent, consolidated same store sales for the comparable 39-week period increased by 7.8%. The average exchange rate moved from 1.14 in KRL's 39-week period of fiscal 2006 to 1.11 in KRL's 39-week period of fiscal 2007, significantly reducing the Canadian dollar equivalent of the U.S. restaurant sales.

OPERATING RESULTS

THIRD QUARTER

GROSS SALES

Gross sales reported by the restaurants in the Royalty Pool increased from \$91,564,000 to \$102,994,000 for the comparable quarter. The increase of \$11,430,000 or 12.5% reflects both the addition of net new sales to the Royalty Pool at the beginning of the year and the same store sales increases discussed previously.

ROYALTY INCOME

Royalty income earned by the Partnership increased by \$477,000 from \$3,734,000 in the third quarter of 2006 to \$4,211,000 in the third quarter of 2007, as a result of the increase in gross sales for the reasons explained previously.

PARTNERSHIP EXPENSES

Expenses incurred by the Partnership for the three months ended September 30, 2007 were \$97,000 and included general and administrative expenses of \$98,000, and interest income on the surplus cash balances of \$1,000. The increase of \$3,000 over the comparable quarter in 2006 was due to an increase in general and administrative expenses of \$3,000 due to the timing of certain expenditures.

KRL'S INTEREST

KRL's interest in the earnings of the Partnership from the Class A, entitled Class B and Class C Partnership units increased from \$1,880,000 for the three months ended September 30, 2006, to \$2,016,000 for the three months ended September 30, 2007. The increase of \$136,000 was primarily due to the increase in Partnership earnings as a result of the increased royalty income. This was partially offset by a decrease in KRL's average effective ownership interest in the Partnership from 20.27% during the three-month period ended September 30, 2006, to 20.07% during the three-month period ended September 30, 2007. The change in the average effective ownership of the Partnership during the period was a result of the sale of 650,000 Fund units owned by KRL on March 14, 2006, the 2007 Additional Entitlement, and the sale of an additional 650,000 Fund units owned by KRL on February 23, 2007.

EQUITY INCOME

The Fund's equity income from its investment in the Partnership increased from \$1,760,000 during the third quarter of 2006 to \$2,098,000 during the third quarter of 2007. The increase of \$338,000 is due to the net impact of the increase in royalty income of \$477,000, the increase in Partnership expenses of \$3,000, and the increase in KRL's interest in the earnings of the Partnership of \$136,000.

INTEREST INCOME

Interest income earned by the Fund for the quarter was \$1,090,000 and included interest income on the Keg Loan of \$1,078,000 and other interest income of \$12,000. Other interest income increased by \$9,000 due to larger surplus cash balances on hand during the quarter.

INTEREST AND FINANCING EXPENSES

Interest and financing expenses incurred by the Fund were \$242,000 for the three months ended September 30, 2007, and included interest on the long-term debt of \$237,000 and amortization of deferred financing charges of \$5,000. Interest costs increased by \$8,000 in the quarter as a result of an increase in the average interest rate on the long-term debt from 6.50% in the third quarter of 2006 to 6.72% in the third quarter of 2007. Amortization of deferred financing charges decreased by \$1,000 for the quarter.

EARNINGS BEFORE INCOME TAXES

Earnings before income taxes increased by \$340,000 from \$2,606,000 (28.8 cents/Fund unit) in the third quarter of 2006 to \$2,946,000 (30.4 cents/Fund unit) in the third quarter of 2007.

FUTURE TAX EXPENSE

Future tax expense for the three months ended September 30, 2007 was \$75,000 as a result of the new tax legislation discussed previously.

NET EARNINGS AND COMPREHENSIVE INCOME

Net earnings increased by \$265,000 from \$2,606,000 (28.8 cents/Fund unit) in the third quarter of 2006 to \$2,871,000 (29.6 cents/Fund unit) in the third quarter of 2007 despite the impact of the \$75,000 in future tax expense discussed previously.

DISTRIBUTABLE CASH

Cash available for distribution to Fund unitholders increased by \$448,000 from \$2,735,000 (30.2 cents/Fund unit) to \$3,183,000 (32.8 cents/Fund unit) during the quarter. The difference between the Fund's earnings and distributable cash is due to non-cash items such as amortization and future tax expense included in the Fund's expenses, as well as changes in non-cash working capital balances.

DISTRIBUTIONS

Distributions of \$2,563,000 (28.3 cents/ Fund unit) were paid in the third quarter of 2006 and \$2,937,000 (30.3 cents/ Fund unit) in the third quarter of 2007.

YEAR TO DATE

GROSS SALES

Gross sales reported by the restaurants in the Royalty Pool increased from \$273,788,000 to \$309,218,000 for the comparable nine-month period. The increase of \$35,430,000 or 12.9% reflects both the addition of net new sales to the Royalty Pool at the beginning of the year, and the same store sales increases discussed previously.

ROYALTY INCOME

Royalty income earned by the Partnership increased by \$1,522,000 from \$11,059,000 in the first nine months of 2006 to \$12,581,000 in the first nine months of 2007, as a result of the increase in gross sales for the reasons explained previously.

PARTNERSHIP EXPENSES

Expenses incurred by the Partnership for the nine months ended September 30, 2007 were \$292,000 and included general and administrative expenses of \$296,000, and interest income on the surplus cash balances of \$4,000. The decrease of \$59,000 over the comparable nine-month period in 2006 was due to a decrease in general and administrative expenses of \$60,000 due to the timing of certain expenditures associated with the publication of the annual report, as well as a reduction in legal compliance costs, and a decrease in interest income of \$1,000 due to lower surplus cash balances on hand during the period.

KRL'S INTEREST

KRL's interest in the earnings of the Partnership from the Class A, entitled Class B and Class C Partnership units increased from \$5,430,000 for the nine months ended September 30, 2006, to \$5,776,000 for the nine months ended September 30, 2007. The increase of \$346,000 was primarily due to the increase in Partnership earnings as a result of the increased royalty income. This was partially offset by a decrease in KRL's average effective ownership interest in the Partnership from 21.68% during the nine-month period ended September 30, 2006, to 21.09% during the nine-month period ended September 30, 2007. The change in the average effective ownership of the Partnership during the period was a result of the sale of 650,000 Fund units owned by KRL on March 14, 2006, the 2007 Additional Entitlement, and the sale of an additional 650,000 Fund units owned by KRL on February 23, 2007.

EQUITY INCOME

The Fund's equity income from its investment in the Partnership increased from \$5,278,000 during the first nine months of 2006 to \$6,513,000 during the first nine months of 2007. The increase of \$1,235,000 is due to the net impact of the increase in royalty income of \$1,522,000, the decrease in Partnership expenses of \$59,000, and the increase in KRL's income in the earnings of the Partnership of \$346,000.

INTEREST INCOME

Interest income earned by the Fund for the nine-month period was \$3,226,000 and included interest income on the Keg Loan of \$3,197,000, and other interest income of \$29,000. Other interest income increased by \$19,000 due to larger surplus cash balances on hand during the period.

INTEREST AND FINANCING EXPENSES

Interest and financing expenses incurred by the Fund were \$702,000 for the nine months ended September 30, 2007, and included interest on the long-term debt of \$688,000, and amortization of deferred financing charges of \$14,000. Interest costs increased by \$40,000 in the nine-month period as a result of an increase in the average interest rate on the long-term debt from 6.18% in the first nine months of 2006, to 6.58% in the first half of 2007. Amortization of deferred financing changes decreased by \$5,000 for the period.

EARNINGS BEFORE INCOME TAXES

Earnings before income taxes increased by \$1,219,000 from \$7,818,000 (87.9 cents/Fund unit) in the first nine months of 2006, to \$9,037,000 (94.3 cents/Fund unit) in the first nine months of 2007.

FUTURE TAX EXPENSE

Future tax expense for the nine months ended September 30, 2007 was \$1,850,000 as a result of the new tax legislation discussed previously.

NET EARNINGS AND COMPREHENSIVE INCOME

Net earnings decreased by \$631,000 from \$7,818,000 (87.9 cents/Fund unit) in the first nine months of 2006, to \$7,187,000 (75.0 cents/Fund unit) in the first nine months of 2007 due to the impact of the \$1,850,000 in future income tax expense discussed previously.

DISTRIBUTABLE CASH

Cash available for distribution to Fund unitholders increased by \$1,384,000 from \$7,874,000 (88.4 cents/Fund unit) to \$9,258,000 (96.7 cents/Fund unit) during the period. The difference between the Fund's earnings and distributable cash is due to non-cash items such as amortization and future tax expense included in the Fund's expenses, as well as changes in non-cash working capital balances.

DISTRIBUTIONS

Distributions of \$7,481,000 (84.1 cents/Fund unit) were paid in the first nine months of 2006 and \$8,500,000 (88.7 cents/Fund unit) in the first nine months of 2007.

LIQUIDITY & CAPITAL RESOURCES

It is the Fund's policy to distribute all available cash on a monthly basis in order to provide consistent returns to unitholders and to maximize those returns. Any increase in distributions in the future will be implemented in such a manner so as to maintain uniform monthly distributions.

TERM LOAN

The Keg Holdings Trust, a subsidiary of the Fund, has a \$14 million non-revolving term loan facility, which bears interest at bank prime plus 0.50% per annum. The facility was originally arranged during the IPO to partially finance the purchase of the Keg Rights from KRL, and to provide term debt as part of the capital structure. On September 26, 2006, this facility was refinanced, and the maturity date extended to April 3, 2011. Certain conditions must be maintained for the term loan to be in good standing, all of which have been met.

OPERATING LINE OF CREDIT

The Partnership, a subsidiary of the Fund, has a \$1 million operating line of credit, which bears interest at bank prime plus 0.25% per annum. This facility is used primarily to bridge timing differences between the receipt of the royalty payments and distributions on the Partnership securities. This operating line is also available for general working capital purposes, or if required, to help finance periodic differences between receipt of the royalty payment, (which may vary due to small seasonal variations in the gross sales of those restaurants in the Royalty Pool), and distributions to unitholders.

CONTROLS AND PROCEDURES

Disclosure controls and procedures are designed to provide reasonable assurance that relevant information is gathered and reported to Senior Management, including the Chief Executive Officer ("CEO") and the Chief Financial Officer ("CFO") of The Keg GP Ltd., managing general partner of the Partnership and administrator of the Fund, on a timely basis so that the appropriate decisions can be made regarding public disclosure. As of September 30, 2007, an evaluation of the effectiveness of the Fund's disclosure controls and procedures, as defined under Multilateral Instrument 52-109 ("MI 52-109") issued by the Canadian Securities Administrators, was carried out under the supervision of and with the participation of management, including the CEO and CFO. Based on that evaluation, the CEO and CFO concluded that the design and operation of these disclosure controls and procedures were effective.

CONTROLS AND PROCEDURES (CONTINUED)

As of September 30, 2007, under the supervision of and with the participation of management including the CEO and CFO, internal controls over financial reporting have been designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP.

CRITICAL ACCOUNTING ESTIMATES

The Fund's only critical accounting estimate is the valuation of its investment in the Partnership. As the Partnership's only significant assets are intangible assets consisting of the Keg Rights, the valuation of the Fund's investment is based primarily upon the valuation of intangible assets in the Partnership. The Keg Rights are not amortized as they have an indefinite life. The Keg GP Ltd., as the general partner of the Partnership and administrator of the Fund, reviews the carrying values of the intangible assets in the Partnership and the Fund's investment at least annually, taking into consideration any events or circumstances which may have impaired the carrying values of these items. If permanent declines in the carrying amounts are determined, these items are written down to their estimated net recoverable amount. The Keg GP Ltd. believes that there have been no declines in either the carrying value of the intangible assets in the Partnership or in the carrying value of the Fund's investment in the Partnership as of September 30, 2007.

CHANGE IN ACCOUNTING POLICY

Effective the commencement of its 2007 fiscal year, the Fund has adopted the Canadian Institute of Chartered Accountants (CICA) Handbook Section 1530, Comprehensive Income, Section 3251, Equity, Section 3855, Financial Instruments - Recognition and Measurement, Section 3861, Financial Instruments - Disclosure and Presentation, and Section 3865, Hedges. These new Handbook sections, which apply to fiscal years beginning on or after October 1, 2006, provide comprehensive requirements for the recognition and measurement of financial instruments, as well as standards on when and how hedge accounting may be applied. All financial assets and derivative financial instruments, except for those financial assets classified as held-to-maturity or loans and receivables, are measured at their fair values. Financial liabilities are measured at their fair values when they are classified as held for trading purposes. Otherwise, they are measured at amortized cost. Handbook Section 1530 also establishes standards for reporting and displaying comprehensive income.

The Fund has reviewed the impact of these new standards and determined that they do not have a significant impact on the consolidated financial statements in the current or prior quarters.

The Fund classifies its amount due KRL and the Partnership, and the note receivable from KRL, as loans and receivables which are carried at amortized cost. The Fund's interest, distributions payable and term loan are also carried at amortized cost. The requirement of the Fund to settle its note receivable from KRL in exchange for Class C Partnership units represents a derivative instrument. The Fund has reviewed the net impact of this potential exchange requirement on its cash flows and has determined there is no significant value applicable to this feature. Amendments to CICA 1540, Cash Flow Statements, require entities to disclose total cash distributions on financial instruments classified as equity in accordance with a contractual agreement and the extent to which total cash distributions are non-discretionary. This disclosure requirement is effective for interim and annual financial statements for fiscal periods ending on or after March 31, 2007. The determination to declare and make payable distributions from the Fund are at the discretion of the board of Trustees of the Fund and, until declared payable by the Board of Trustees of the Fund, the Fund has no contractual requirement to pay cash distributions to unitholders' of the Fund. During the three and nine-month periods ended September 30, 2007, \$2.9 million and \$7.6 million respectively (three and nine-months ended September 30, 2006 - \$2.6 million and \$6.7 million) in cash distributions were declared payable by the Board of Trustees of the Fund and paid to unitholders.

FINANCIAL INSTRUMENTS

The Fund's financial instruments consist of cash, accounts receivable, note receivable, accounts payable and accrued liabilities, and the term loan. Due to the interrelationship between the note receivable from KRL and the Class C Partnership units held by KRL, it is not practicable to estimate the fair value of the note receivable with sufficient reliability. The Keg GP Ltd., as the general partner and administrator of the Fund, estimates that the fair value of these financial instruments approximate their carrying values. It is The Keg GP Ltd.'s opinion that the Fund is not exposed to significant interest rate or credit risk arising from these financial instruments.

OUTLOOK

Management of KRL has advised the Trustees that it intends to continue to focus on growing same store sales and to continue to expand the number of corporate and franchised restaurants in Canada and the United States. KRL management has also advised the Trustees that it believes that the strong same store sales growth KRL has delivered in the past will continue to be realized in the future through a combination of increased guest counts and increased guest average cheque. Advertising and promotions programs will continue to focus on food taste, quality and excellent service in a friendly atmosphere. Management of KRL has further advised the Trustees that it believes that continued Canadian market expansion will be leveraged by KRL's leading market position and national presence. Corporate market expansion in the United States will continue to focus on three target markets, specifically Phoenix, Arizona; Denver, Colorado; and Dallas, Texas. KRL management has advised the Trustees that it intends to aggressively pursue franchising opportunities in the United States.

KRL continues to refurbish, and in some cases, relocate existing Keg restaurants in order to better serve its guests and to protect and enhance the strong leadership position The Keg brand has enjoyed for over thirty-five years.

Management of KRL has advised the Trustees that it has revised the number of restaurants it expects to open in 2007, due to late turnover of sites by landlords as a result of delays in both municipal approvals and site construction. Management of KRL has advised that it currently expects to add one new corporate restaurant, and to relocate two corporate and one franchised restaurant during 2007. Management of KRL has further advised the Trustees that it intends to open 30 new restaurants over the next ten years.

RISKS AND UNCERTAINTIES

The Fund continues to recognize certain risks and uncertainties associated with the ordinary course of business, including those associated with the business and operations of KRL, upon which the Fund relies solely for its income.

THE RESTAURANT INDUSTRY

The performance of the Fund is directly dependent upon the royalty and interest payments received from KRL. The amount of the royalty is dependent upon restaurant sales, which is subject to a number of factors that affect the restaurant industry generally, and the casual dining segment of the industry in particular. The casual dining segment of the restaurant industry is intensely competitive with respect to price, service, location and food quality. There are many well-established competitors, particularly in the United States with substantially greater financial and other resources than KRL. Competitors include national and regional chains, as well as individually owned restaurants. Recently, competition has increased in the mid-price, full-service, casual dining segment in which Keg restaurants operate. If KRL and the Keg franchisees are unable to successfully compete in the casual dining segment of the restaurant industry, sales may be adversely affected, the amount of the royalty reduced and the ability of KRL to pay the royalty or interest on the Keg Loan may be impaired. The restaurant business is also affected by changes in demographic trends, traffic patterns, and the type, number, and location of competing restaurants. In addition, factors such as inflation, increased food, labour and benefits costs, government regulations, smoking by-laws and the availability of experienced management and hourly employees may adversely affect the restaurant industry

THE RESTAURANT INDUSTRY (CONTINUED)

in general and therefore potentially KRL and its franchisees. Changing consumer preferences, discretionary spending patterns and factors affecting the availability of beef could force KRL to modify its restaurant content and menu and could result in a reduction of restaurant sales. Accordingly, this could impact the amount of the royalty and financial condition of KRL. Consumer preferences could be affected by health concerns about the consumption of beef, the primary item served at Keg restaurants, and specific events such as the outbreak of “mad cow disease” could reduce the available supply of beef or significantly raise the price of beef. KRL’s success also depends on numerous factors affecting discretionary consumer spending including economic conditions, disposable consumer income and consumer confidence. Adverse changes in these factors could reduce guest traffic or impose practical limits on pricing, either of which could reduce restaurant sales and operating income, which could adversely affect the royalty and the ability of KRL to pay the royalty, the make-whole payment or interest on the Keg Loan.

AVAILABILITY AND QUALITY OF RAW MATERIALS

Management of KRL has advised the Trustees that it continues to monitor the situation regarding the cases of BSE found in North America during the past two years. The widespread testing of herds confirms these are isolated cases; the risk to human health appears to be negligible. Most importantly to The Keg, there has been no significant negative consumer reaction to beef in North America and there has not been a material impact on its restaurant traffic. KRL management has further advised the Trustees that KRL has maintained an uninterrupted supply of quality beef that meets its demanding specifications despite the border closures and the unfortunate impact on cattle producers. Management of KRL has advised the Trustees that it expects the demand for beef to remain strong among consumers and its supply to continue uninterrupted.

FLUCTUATIONS IN FOREIGN EXCHANGE RATES

KRL presently has 17 restaurants located in the United States, 16 of which are corporately owned through its wholly owned subsidiaries, and one of which is franchised. Keg restaurants located in the United States generate sales in United States dollars, which must be translated into their Canadian dollar equivalent for Fund reporting purposes. Fluctuations in foreign exchange rates will affect the Canadian dollar equivalent of the sales of the restaurants located in the United States, which will affect the amount of the royalty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts expressed in thousands of dollars - unaudited)

For the three and nine months ended September 30, 2007 and 2006

1. BASIS OF PRESENTATION:

The Keg Royalties Income Fund (the "Fund") prepares its interim consolidated financial statements in accordance with Canadian generally accepted accounting principles on a basis consistent with those used and described in the annual consolidated financial statements for the year ended December 31, 2006. The disclosures contained in these interim consolidated financial statements do not include all the requirements of Canadian generally accepted accounting principles for annual financial statements.

These interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2006.

2. CHANGE IN ACCOUNTING POLICY:

- (a) Effective the commencement of its 2007 fiscal year, the Fund has adopted the Canadian Institute of Chartered Accountants (CICA) Handbook Section 1530, Comprehensive Income, Section 3251, Equity, Section 3855, Financial Instruments - Recognition and Measurement, Section 3861, Financial Instruments - Disclosure and Presentation, and Section 3865, Hedges. These new Handbook sections, which apply to fiscal years beginning on or after October 1, 2006, provide comprehensive requirements for the recognition and measurement of financial instruments, as well as standards on when and how hedge accounting may be applied. All financial assets and derivative financial instruments, except for those financial assets classified as held-to-maturity or loans and receivables, are measured at their fair values. Financial liabilities are measured at their fair values when they are classified as held for trading purposes. Otherwise, they are measured at amortized cost. Handbook Section 1530 also establishes standards for reporting and displaying comprehensive income.

The Fund has reviewed the impact of these new standards and determined that they do not have a significant impact on the consolidated financial statements in the current or prior quarters.

The Fund classifies its amount due from Keg Restaurants Ltd. ("KRL") and The Keg Rights Limited Partnership (the "Partnership") and the note receivable from KRL as loans and receivables which are carried at amortized cost. The Fund's interest and distributions payable and term loan are also carried at amortized cost. The requirement of the Fund to settle its note receivable from KRL in exchange for Class C Partnership units represents a derivative instrument. The Fund has reviewed the net impact of this potential exchange requirement on its cash flows and has determined there is no significant value applicable to this feature.

- (b) Amendments to CICA 1540, Cash Flow Statements, require entities to disclose total cash distributions on financial instruments classified as equity in accordance with a contractual agreement and the extent to which total cash distributions are non-discretionary. This disclosure requirement is effective for interim and annual financial statements for fiscal periods ending on or after March 31, 2007. The determination to declare and make payable distributions from the Fund are at the discretion of the board of Trustees of the Fund and, until declared payable by the Board of Trustees of the Fund, the Fund has no contractual requirement to pay cash distributions to unitholders' of the Fund. During the three and nine-month periods ended September 30, 2007, \$2.9 million and \$7.6 million, respectively, (three and nine months ended September 30, 2006 - \$2.6 million and \$6.7 million) in cash distributions were declared payable by the Board of Trustees of the Fund and paid to unitholders.

The Fund, through its ownership of The Keg Holdings Trust (“KHT”), holds all of the issued and outstanding Limited Partnership units (“LP units”), 1,550,000 Class B units and 99% of the General Partnership units (“GP units”) of the Partnership through its 90% interest in The Keg GP Ltd.

Total royalty income	4,211	3,734	12,581	11,059
Expenses	<u>(97)</u>	<u>(94)</u>	<u>(292)</u>	<u>(351)</u>

Equity income for the period	\$ <u>2,098</u>	\$ <u>1,760</u>	\$ <u>6,513</u>	\$ <u>5,278</u>

The gross sales reported by the 95 Keg restaurants on which KRL pays a royalty to the Partnership (the "Royalty Pool") are from January 1 to September 30, 2007 (January 1 to September 30, 2006 – 91 Keg restaurants).

On January 1, 2007, six new Keg restaurants that opened during the period from October 3, 2005 to October 2, 2006 were added to the Royalty Pool. The gross sales of these six new restaurants have been estimated at \$28.0 million annually. Two permanently closed Keg restaurants with annual sales of \$5.7 million have been removed from the Royalty Pool, resulting in an estimated net increase in Royalty Pool sales of \$22.3 million annually.

The royalty payment from KRL to the Partnership is four percent of system sales for such period reported by Keg restaurants in the Royalty Pool plus a make-whole payment, if required by a restaurant closure, based on four percent of lost system sales. System sales for any period and for any Keg restaurant located in Canada and the United States, as defined in the Licence and Royalty Agreement, means the gross sales by such Keg restaurants for such period. The make-whole payment is based on four restaurant closures for the period from January 1 to September 30, 2007 (January 1 to September 30, 2006 – two restaurant closures).

4. UNITHOLDER DISTRIBUTIONS:

	July 1 to Sept 30, <u>2007</u>	July 1 to Sept 30, <u>2006</u>	January 1 to Sept 30, <u>2007</u>	January 1 to Sept 30, <u>2007</u>
Distributions declared to Fund unitholders	<u>\$ 2,935</u>	<u>\$ 2,563</u>	<u>\$ 7,635</u>	<u>\$ 6,711</u>
Weighted average Fund units outstanding (note 8(a))	<u>9,703,500</u>	<u>9,053,500</u>	<u>9,579,690</u>	<u>8,893,976</u>
Weighted average distributions declared per unit	<u>\$ 0.30</u>	<u>\$ 0.28</u>	<u>\$ 0.80</u>	<u>\$ 0.75</u>

Annually, two distributions are expected to be declared during the first quarter, three distributions in each of the second and third quarters and four distributions in the fourth quarter. This is done to ensure that the distribution based on December KRL Royalty Pool system sales, which is paid the following month in January, is recorded in the period it was earned for income tax purposes.

5. DUE FROM KEG RESTAURANTS LTD.:

	September 30, <u>2007</u>	December 31, <u>2006</u>
Interest on note receivable from Keg Restaurants Ltd.	<u>\$ 351</u>	<u>\$ 363</u>

The above amounts were received when due from KRL subsequent to the end of the above periods to facilitate the following month's distribution to Fund unitholders.

6. DUE FROM THE KEG RIGHTS LIMITED PARTNERSHIP:

The amounts due from the Partnership are working capital items owing to the Fund or its subsidiaries and are in the normal course of operations.

7. FUTURE INCOME TAXES:

On June 12, 2007, the Canadian federal government's legislation to tax publicly traded income trusts passed third reading in the House of Commons and thus the associated income tax became substantively enacted for accounting purposes. The legislation imposes a tax of 31.5% on distributions from Canadian public income trusts. The new tax is not expected to apply to the Fund until January 1, 2011 as a transition period applies to publicly traded trusts that existed prior to November 1, 2006. Historically, the Fund had been exempt from recognizing future income tax assets and liabilities associated with temporary differences arising in the Fund and its equity accounted investment, The Keg Rights Limited Partnership. As a result of the substantive enactment of the new tax legislation, the Fund has recognized future income tax assets and liabilities that are expected to reverse subsequent to January 1, 2011. The impact on the Fund's consolidated financial statements for the three and nine months ended September 30, 2007 was to increase the future income tax liability by \$75,000 and \$1,850,000 respectively, and record a corresponding future income tax expense. Future income tax expense is a non-cash item that does not affect cash flow.

8. UNITHOLDERS' EQUITY:

(a) Fund units:

On May 31, 2002, the Fund issued 8,153,500 Fund units at \$10.00 per unit pursuant to a public underwriting. Expenses of the offering amounted to \$2,150,000 and were charged to unitholders' equity.

On July 4, 2005, the Fund issued 250,000 Fund units to KRL in exchange for 250,000 Class B units. The fair value of these units was approximately \$13.25 which resulted in an additional \$3,312,500 recorded as unitholders' equity. Thereafter, on July 6, 2005, KRL sold these 250,000 Fund units through the facilities of the Toronto Stock Exchange.

On March 9, 2006, the Fund issued 650,000 Fund units to KRL in exchange for 650,000 Class B units. The fair value of these units was approximately \$12.69 which resulted in an additional \$8,248,500 recorded as unitholders' equity. Thereafter, on March 14, 2006, KRL sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange.

On February 22, 2007, the Fund issued 650,000 Fund units to KRL in exchange for 650,000 Class B units. The fair value of these units was approximately \$13.95 which resulted in an additional \$9,067,500 recorded as unitholders' equity. Thereafter, on February 23, 2007, KRL sold these 650,000 Fund units through the facilities of the Toronto Stock Exchange.

The declaration of trust of the Fund provides that an unlimited number of Fund units may be issued. Each Fund unit is transferable and represents an equal undivided beneficial interest in any distributions of the Fund and in the net assets of the Fund. All units have equal rights and privileges. Each Fund unit entitles the holder thereof to participate equally in the allocations and distributions and to one vote at all meetings of Fund unitholders for each whole Fund unit held. The Fund units issued are not subject to future calls or assessments.

Fund units are redeemable at any time at the option of the holder at a price based on market value as defined in the trust agreement, subject to a maximum of \$50,000 in cash redemptions by the Fund in any one month. The limitation may be waived at the discretion of the Trustees of the Fund. Redemption in excess of these amounts, assuming no waiving of the limitation, shall be paid by way of a pro-rata distribution of Partnership securities held by the Fund.

For the three and nine months ended September 30, 2007 and 2006

8. UNITHOLDERS' EQUITY (CONTINUED):

(b) Exchangeable Partnership units:

	September 30, <u>2007</u>	December 31, <u>2006</u>
Class A Partnership units (i)	905,944	905,944
Class B Partnership units (ii)	<u>1,530,840</u>	<u>1,589,280</u>
	<u>2,436,784</u>	<u>2,495,224</u>

Pursuant to the declaration of trust, the holders (other than the Fund or its subsidiaries) of the Class A units and Class B units of the Partnership are entitled to vote in all votes of Fund unitholders as if they were holders of the number of Fund units they would receive if Class A units and entitled Class B units were exchanged into Fund units as of the record date of such votes, and will be treated in all respects as Fund unitholders for the purpose of any such votes.

- (i) The Class A units are entitled to a preferential proportionate distribution equal to the distribution on the Class C Partnership units, multiplied by the number of Class A units divided by the number of LP units issued and outstanding. KHT holds all of the 8,153,500 LP units issued and outstanding at September 30, 2007. In addition, the Class A units receive a residual distribution proportionately with the Class B units, LP units and GP units relative to the aggregate number of each class issued and outstanding (or in the case of the Class B units, the number issued and outstanding multiplied by the Class B current distribution entitlement). Class A units are exchangeable for Fund units on the basis of one Fund unit for one Class A unit.
- (ii) The Class B units are entitled to a preferential proportionate distribution and a residual distribution based on the incremental royalty paid to the Partnership from new Keg restaurants. The distribution entitlements of the Class B units are adjusted annually on January 1. Class B units held by KRL are exchangeable for Fund units based upon a defined calculation that itself is based on system sales from new restaurants. As at September 30, 2007, 1,530,840 (December 31, 2006 – 1,589,280) Class B units held by KRL receive a distribution entitlement.

In addition to these exchangeable Class B units, KRL also holds 295,860 (December 31, 2006 – 887,420) Class B units which are not yet entitled to receive distributions and are not exchangeable for Fund units.
